Classification: UNCLASSIFIED
Caveats: NONE

I have suggested edits for the federal statement.

(b) (5), (b)(5) - deliberative

(b) (5), (b)(5) - deliberative The trip this week was originally just intended for Col. Colloton to meet the applicant and see the site. Later we agreed to do portions of the visit jointly with EPA. Then later still, the informal referral discussions generated interest in others visiting the site and meeting various interests over a several days. That is all fine, but it would not be appropriate to link the Corps to the group of federal agencies directly involved in the informal referral discussions (namely USFS, EPA, and CEQ) that will be spending several days in the area.

V/R,

David J Castanon

Classification: UNCLASSIFIED
Caveats: NONE

All,

Attached is the Corps detailed itinerary for Col. Kim Colloton's trip to meet with and tour the proposed Rosemont Mine project. She will attend the meeting with EPA and Tohono O'odham Nation on the afternoon of the 28th. In the morning of the 29th, she and Corps staff will have a private meeting with the applicant. Later that morning Col. Colloton, Corps staff, and Rosemont representatives will drive to the Sonoita Creek Ranch (SCR) mitigation site and meet up with the other federal agencies involved in the referral discussions (EPA, CEQ, others). After SCR, members of that larger group are also welcome to join Col. Colloton and Corps staff for lunch at the Rosemont Ranch house and then a tour of the mine development site.

Subject: [EXTERNAL] RE: Rosemont AZ Meetings Schedule

Horst and other federal colleagues:

Attached is the latest itinerary for the Rosemont trip. We have only included the joint meetings that include the larger federal family in this itinerary. The Army Corps is taking the lead in the itinerary for the proposed Rosemont Mine site which begins at Sonoita Creek Ranch at 10:30am on the 29th. (That specific itinerary is not included in this document.)

There are a few gaps regarding participants, POCs, cell numbers, etc. Please email that information, as well as any updates/changes, to my Special Assistant Trina Martynowicz at Martynowicz.Trina@epa.gov. We hope to send a "final" itinerary to all of you later today.

Looking forward to our call today and to seeing everyone next week in Arizona!

Carter

We aren't going to want to add the referral timeline to our chart at this time. If and when EPA elects to refer the EIS, we will add it at that time. For now, I have added the risk to the timeline risks section.

Thank you, Carter.

Marjorie
